**XXIV International Conference of International Association  
"The International Sport Federation of Firefighters and Rescuers"**

**RESOLUTION**

**October 26, 2023**

**No. 4**

**Harbin  
(People's Republic of China)**

**On the work of the Sports and Technical  
Committee for the period of 2023**

Pursuant to the Plan of major sporting events of the International Sport Federation of Firefighters and Rescuers for 2023 and the resolutions of the International Conferences of the International Sport Federation of Firefighters and Rescuers, world championships among men, women, boys and juniors, girls and juniors were organized and held.

Guided by the Rules of competitions in fire and rescue sport, the Regulations of competitions in fire and rescue sport and the regulations on holding the World Championships, members of the Sports and Technical Committee of the International Sport Federation of Firefighters and Rescuers in the composition of the Ground Jury carried out the work related to the technical inspection of structures, fire and technical equipment, weapons and specialized means, devices and premises, providing for the organization of competitions at a high quality level.

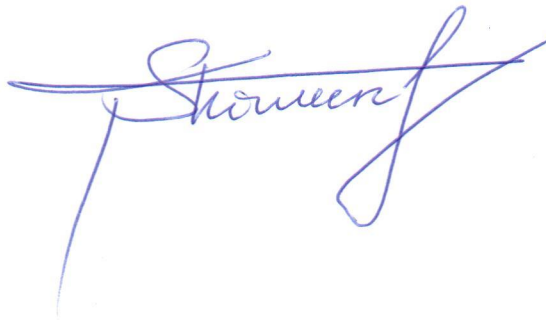

After hearing and discussing the report on the work of the Sports and Technical Committee of the International Sport Federation of Firefighters and Rescuers for 2023, the XXIV International Conference of International Association "The International Sport Federation of Firefighters and Rescuers" **decided:**

1. To consider the complex of measures for the preparation and holding of the world championships to be completed, in accordance with the technical specifications, conditions and requirements of the competitions in fire and rescue sport.

2. To recognize the work of the Sports and Technical Committee of the International Sport Federation of Firefighters and Rescuers performed at a satisfactory level, in full and in accordance with the established rights, functions and powers.

3. Indicate to the representatives of the Republic of Turkey about the shortcomings in the operation of the electronic measuring equipment of the "Start-finish System"
