**XXIV International Conference of International Association
"The International Sport Federation of Firefighters and Rescuers"**

RESOLUTION

October 26, 2023

No. 1

**Harbin
(People's Republic of China)**

**Report on the International sports activities
and results of the ISFFR for the period of 2023
and tasks for 2024**

According to the statutory activities of International Association "International Sport Federation of Firefighters and Rescuers", pursuant to the resolutions of international conferences and annual major sporting events of the International Sport Federation of Firefighters and Rescuers (hereinafter referred to as the Federation), the executive bodies of the Federation have implemented a set of measures aimed at the development and strengthening of fire and rescue sport and joint international activities.

The implementation of the planned activities of the Federation at a professional level took place with the participation of members of committees and commissions, namely: the Executive Directorate, the Ground Jury, the Sports and Technical Committee, the Disciplinary and Anti-Doping Committee, the Sports and Disciplinary Commission and the Audit Commission.

Over the past period of 2023, with the support and direct participation of the heads of state fire and rescue services, executive bodies and national public organizations, the Federation organized and conducted at a highly professional level 4 world championships among men, women, boys and girls in fire and rescue sport.

Negotiations were held with representatives of fire and rescue services of different countries in the world on their active participation in the Federation's events and entrance to the Federation. During this period, LLC "Laboratory of fire safety" became an associate member of the Federation.

Having listened to and discussed the report on international sports activities and the results of the Federation's work for the period of 2023 and in order to determine the main tasks for the period of 2024, the XXIV International Conference of International Association "The International Sport Federation of Firefighters and Rescuers" **decided:**

1. To approve the report on the international sports activities and results of the Federation for the period of 2023.

2. To recognize the work of the Federation for the period as satisfactory.

3. To note the positive dynamics of the growth of the number of sports delegations at the World Championships, the increasing authority of the Federation in the international sports community, improvement in the system of interaction between the governing and executive bodies of the Federation.

4. The executive bodies of the Federation (Executive Directorate, Ground Jury, Sports and Technical Committee, Disciplinary and Anti-Doping Committee, Sports and Disciplinary Commission, Audit Commission) and the member countries of the Federation in their work should be guided by the fundamental documents of the Federation and timely and effectively implement the decisions of the Conference.

5. The organizers and chief judges of international competitions included in the calendar plan of the Federation and held under the auspices of the Federation, should send the following documents to the Executive Directorate at the end of the competition: the report of the chief judge and the minutes of the competition.

6. Participants of world championships, conferences and other international sporting events must comply with the requirements, conditions and deadlines established by the regulatory documents approved by the regular Conference, and promptly send them to the Executive Directorate and organizers of the Federation's events.

7. To achieve the statutory goals of the Federation, the following tasks should be considered as priority ones in 2024:

7.1. Consolidation of the international movement and the association of sports organizations developing fire and rescue sports, the admission of new countries (states) and associate members to the Federation.

7.2. Implementation of the Plan of major sporting events of the Federation for 2024, organization and holding of world championships and official international competitions at a high organizational level.

7.3. Development and use of mass media, the Internet resources, souvenir and advertising, printed, film, photo and video products for the popularization and promotion of fire and rescue sport at the international level.

8. To inform the members of the International Sport Federation of Firefighters and Rescuers about the inadmissibility of disrupting sports events included in the calendar plan of major sporting events of the International Sport Federation of Firefighters and Rescuers.

9. Instruct the Executive Directorate of the International Sport Federation of Firefighters and Rescuers:

9.1. To work out the issue of holding World Championships in countries that have not previously hosted championships: The Republic of Austria, the Republic of Azerbaijan, Mongolia, the State of Qatar, the Kingdom of Saudi Arabia.

9.2. To continue work on the issue of recognition of the "fire and rescue" sport by the International Olympic Committee.

Director

A.P. Kalinin
